V Walk, the Group's latest flagship mall in the heart of the southwest Kowloon transportation hub, had a soft opening in late July, offering an exquisite, comfortable shopping environment to young families. Sitting atop MTR Nam Cheong Station, the first major flagship mall in the district is set to benefit from this interchange station for West Rail Line and Tung Chung Line. Indoor walkways and bridges connect the mall to nearby major residential developments for added convenience.

A star destination for dining, shopping and fun

The two-storey V Walk houses a variety of tenants, with trendy fashion, skin care and cosmetics, watches and jewellery, specialty restaurants, a cinema, a supermarket and much more. Over 50% of the shops are new to southwest Kowloon, with some making their debut in Hong Kong or in Hong Kong shopping malls.

V Walk offers over 35 highly sought-after eateries, featuring Chinese, Western, Japanese and southeast Asian cuisines, a popular ice-

cream store, family restaurants, 'Instagrammable' Taiwanese tea shops, popular refreshment kiosks and more. Nearly 60% of the specialty restaurants are their first stores in southwest Kowloon, providing broader food and beverage choices to the neighbourhood. As for trendy labels, there are over 30 trendy fashion stars, popular shoe brands, and optical and accessory names. The new mall is set to become a trendy fashion zone.

V Walk has also introduced a new cinema with state-of-the-art audio and visual facilities, offering a classy, tasteful movie experience to residents in the district.

Comfortable shopping and leisure experience

Cladded with glass curtain walls, the new mall presents an unrivalled panoramic view. Plenty of natural light helps create a comfortable environment. V Walk also shares the latest trends and news to customers on the SHKP Malls App. This convenient shopping experience will definitely draw more young people to the mall for shopping, leisure and fun.
