SUNeVision announces 2025/26 annual results
新意網公布2025/26年度全年業績

SUNeVision Holdings Limited announced that for the year ended 30 June 2026, its revenue increased by 6% year-on-year to HK$3,117 million. EBITDA rose by 8% to HK$2,300 million and profit attributable to shareholders increased by 17% to HK$1,146 million. The strong set of results was supported by a significant growth in demand for high-specification data centre capacity in Hong Kong.

Major tech giants from both international markets and the Chinese Mainland are actively seeking large-scale, high-capacity services. Phase one of SUNeVision's flagship data centre, MEGA IDC, secured an anchor commitment from a leading Chinese tech enterprise, boosting the committed occupancy rate from 30% to 70%. SUNeVision is accelerating the construction of the remaining phases of MEGA IDC, which span approximately 700,000 square feet of gross floor area. Operations are expected to commence in 2028. While the current market presents compelling growth opportunities, SUNeVision will continue to apply strict investment criteria and allocate capital selectively.

As artificial intelligence continues to reshape global demand for digital infrastructure, SUNeVision remains committed to investing in data centre capacity, network connectivity and next-generation infrastructure to drive the long-term growth of the digital economy and support Hong Kong's development into a leading data hub.

新意網集團有限公司公布截至2026年6月30日，總收入按年上升6%至31.17億港元，EBITDA增長8%至23億港元，公司股東應佔溢利增加17%至11.46億港元。客戶對香港頂級數據中心基礎設施的需求顯著上升，帶動新意網錄得強勁的財務業績。

來自國際及中國內地科技巨企積極尋求大規模、高容量的服務。新意網旗艦數據中心MEGA IDC第一期獲國內一家領先科技企業落實進駐，帶動承諾佔用率由30%提升至70%。新意網正加快發展MEGA IDC的餘下期數，將提供約700,000平方呎樓面，預計於2028年投入服務。儘管當前市場增長潛力龐大，新意網將繼續遵循嚴格的投資準則，選擇性地配置資本。

人工智能正重塑全球的數碼基礎設施需求，新意網將持續投資數據中心容量、網絡連接及下一代基礎設施，為數字經濟的長遠增長注入動力，支持香港發展成為具領導地位的數據樞紐。
